

REVISION SUMMARY/HIGHLIGHTS

1. General

- A. This section shows a table that gives operators and maintenance personnel a list of the changes that were made to different documents in the manual as part of this revision.

2. Definition

A. Columns

- (1) Chapter-Section-Subject - This column gives the manual location for each document in the revision.
- (2) Document Title - This column gives the name of the document as it is given at the top of the actual document and in the Table of Contents.
- (3) Action - This column gives a brief description of the changes made to the document in this revision.

NOTE: This column does not apply to CD-ROM, DVD-ROM, or internet delivered publications.

B. Rows

- (1) Each row gives all the necessary data for one document that is part of the current revision.

3. Procedure

- A. Find the manual location for each document in the revision as given by the data in the Chapter-Section-Subject column.

NOTE: For data about document page numbers and how to put them in the manual, refer to Introduction, Page Number System. Also, pages 1 - 99 are used for both "General", and "Description And Operation" documents.

- B. Make sure that the title of the document that you remove and/or the title of the document that you add agree with the data in the Document Title column of the table.
