

INSPECTION DOCUMENT 0A

Date: \_\_\_\_\_  
Registration Number: \_\_\_\_\_  
Serial Number: \_\_\_\_\_  
Total Time: \_\_\_\_\_

1. Description

- A. Inspection Document 0A gives a Task which is completed during the Annual / 100-Hour inspection.
- NOTE: Operators that have regulatory approval to use the Task Based Inspection Program are not required to complete this inspection document.**
- NOTE: Operators completing the Annual / 100 Hour Inspection in Document 0A are not required to complete the Inspection Documents and tasks listed in Chapter 5-10-01, Task Based Inspection Time Limits.**
- B. A description of the inspection, as well as the Item Code Number are supplied for cross-reference to section 5-10-02. Frequently, tasks give more information about each inspection. These tasks are found in the individual chapters of this manual.
- C. The right portion of each page gives space for the mechanic's and inspector's initials and remarks. You can use copies of these pages as a checklist while you complete the tasks in this Inspection Document.

2. General Inspection Criteria

- A. As you complete each of the inspection tasks in this Inspection Document, examine the adjacent area while access is available to find conditions that need more maintenance.
- B. If it is necessary to replace/adjust a component or system during a task, complete any required return to service procedures for that system before the remaining steps of the task are completed.
